

Notice of Treated CSO Discharge

MWRA Cottage Farm CSO Facility

In accordance with the conditions of the Department of Environmental Protection Lower Charles river Basin Variance issued to the MWRA on October 1, 2007, you are hereby notified that a discharge of treated combined sewage occurred at the Cottage Farm CSO outfall MWR 201 to the Charles River.

The Variance requires the MWRA to notify local health agents, DEP, EPA and Charles River Watershed Association by email within 24 hours of a discharge.

The Cottage Farm CSO Facility discharged on September 12, 2009, beginning at approximately 09:15 AM and ended at 1:40 PM.

If you need additional information, please contact, Charles Ryan, Operations Manager, 617-305-5846 or 617-963-6635.
