

**Massachusetts Water Resources Authority
June 10, 2008 Update for the
Outfall Monitoring Science Advisory Panel
on
Boston Harbor Monitoring Results**

Powerpoint Presentation

Presenter

[Red tide 2008 update](#)

Mike Mickelson, MWRA

[Timeline for Boston Harbor pollution abatement projects](#)

Andrea Rex, MWRA

[Spatial and temporal patterns of sewage indicator bacteria in Boston Harbor and its tributary rivers](#)

Kelly Coughlin, MWRA

[Bayesian modelling for beach management at Boston Harbor beaches](#)

Ann Michelle Morrison,
Exponent/Normandeau

[Changes in productivity in Boston Harbor](#)

Scott Libby, Battelle

[Long-term patterns in sediment contaminants in Boston Harbor](#)

William Martin, WHOI

[Changes in spatial patterns in harbor sediment contaminants](#)

Carlton Hunt, Battelle

[Changes in nutrient flux and sediment oxygen demand in harbor sediments](#)

Anne Giblin, Woods Hole Marine
Biological Lab

[Rapid assessment measures of sediment habitat quality; changes over time](#)

Bob Diaz, Diaz and
Daughters/ENSR

[Spatial and temporal changes in Boston Harbor's benthic community](#)

Jim Blake, ENSR
